

Paston Explorer Hunt

Isn't it amazing that we can still find things around us that the Paston family would have seen and used too?

Have a go and see how many you can spot!

Can you find the carved **Devil's Tongue**?

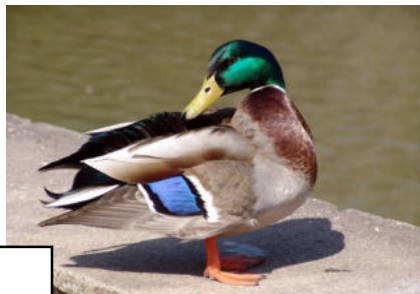

Wild flowers were used in remedies for illness

Lychgates are a covered gateway to a church

Pigeons were hunted for food

Ducks were a very common food

Wood was carved into intricate **arches** for the church

Thatched rooves were made from local reeds

What does the **tomb of Katherine Paston** tell us?
